“ In high school (mid to late 90's) I worked with Linda at the Imperial Manor. It was a special time with all the personalities and people who worked there. I look back with fondness at my early days in the nursing workforce and seasoned "giants" like Linda there to mentor and guide me. She was always positive and professional! Many memories are transcending time and space as I remember her. I am grateful for those years back then. A kindred spirit for sure. My sincere condolences to the family.
